Dear Sirs,

Mr. George Harrison has asked me to write to you with the following request. Sometime ago, you supplied him with some Special Durbar Agar Bathi incense and he now requires some more. He has been informed by Mr. Ravi Shankar that you may not still make this particular variety but do produce something very similar.

I would be most grateful if you would send, as soon as possible, six dozen packets of either the Special Durbar Agar Bathi or the nearest equivalent to Mr. Harrison, c/o myself at the address given below.

If this order is to be dispatched by air, would you please forward to me, under separate cover, your invoice and any necessary flight documentation so that I can expedite the shipment through Customs.

I thank you in advance, on behalf of Mr. Harrison, for your kind co-operation in this matter.

Yours faithfully,

Jane E. Whittaker
